Docket No. 98N-1265 1 '99 APR 12 AIO:38

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

Do you have any idea how trying it
as been I would have changed formulas
pharmacies? I've worked well with the
America for approximately two years; charging
opening my prescription? I don't want
to start over! I am so sick and tired
of our government sticking their nose into matters
that don't concern them. Why break something
if it works well for all who use it? Please
leave well enough alone. Life is chaotic and
stressful enough.
